Declines to Vale Resolved. The Guardians of the Clipaen Union begrespectfully to bring under the notice of the horal Government Board the infortunate state of inacheaness of their Union, the great hardship on the numerous small contractors to whom the Union is indebted for a considerable period and the consequent detriment to the Union destroying all Competition and necessarily throwing the Contract

into the hands of Capitalists, we do not wish to throw blame (if any deserved) on former Goards but we now find our Union in such a state, that itwould be perfectly uscless to strike an additional rafe to meet the indebtedness, we do not think we could honestly ask the forement for a free grant from the feneral taxes of the Country to payour debts but we do think we may in perfect honesty ask the hocal foremment Board to procure for us the hower of borrowing a sufficient sum to be repaid with 31/2 per Cent shread over a number of years, we could easily arrange for its payment and we could then work our Union in a Satisfactory manner we feel that in bringing this matte under the robice of the Local fovernment Board, we are conveying to them the wishes of the Ratepayers of our Union. I be are quite aware that no existing act authorizes the Local poverment Board to issue an order Danctioning such of loan but under the existing State of the Union and the fact that £1900 has been paid out of the friend funds of the Union for Leed Loan to the Board of works though hot collected from the Seed Rate Struck. and the observation of the auditor al OHara in reference to this transaction in his minute on audit accounts to 25th march 1886, we are strongly of apinion that no opposition will be affered if the Local government Board, under the exceptional circumstances ask the permission of Sathament to this concession by a provisional order embodyng it.
