We the undersigned Committee of the Board have this day, as directed, inspected the open yard in Barnack Street which the Medical Officer of Health reported is not a nuisance. In our opinion it is a most offensive nuisance and dangerous to the public health. We recommend that immediate action be taken to have it abated.

We also inspected the cess pool at the brink of the Lake into which the Sewage from the Artillery Square is discharged, and have no hesitation in stating that it is a most dangerous nuisance and tends without doubt to pollute the waters of the Lake. In this case we also are of opinion that immediate proceedings should be taken to have it abated.
