The Abstracts of the Union Accounts for the Half Year ended 25th March last were laid before the Board and signed by the chairman

The following report was read from The Auditor thereon - The Collection of the Rates up to 25th March was most unsatisfactory but since that date great progress has been made but still there is much to be done to get the rate in in reasonable time for the preparation of a new Rate, before October when it should be in hands of Collectors

The Collection of the Seed Grantment is most unsatisfactory and as it must be paid in August, the Guardians cannot be too urgent in their pressure on the collectors to get it in - as the Guardians decline to take Criminal proceedings against the Collector, who has £117:1:8 of Collected Rates in his pocket, and have not recovered from the Sureties they should determine what is to be done to clear the account of this sum which unless lodged or written off, will remain on the face of it

The Guardians should press Mr. Kennedy to pay £9:0:0 which he has long owed the Master on his farm account

Signed

Colonel J. O'Hara Auditor 24th June 1892
