The Report of the Visiting Committee was read, and Orders were made thereon as follows:—

With reference to the plan proposed for a Porter's Room. The Committee having reconsidered the matter think it would be more desirable to have an office partitioned off the hall outside the Porter's present Room he could use his office, and the present room which he has to use now both office and dwelling room he would then make use of it for his dwelling room only. We have inspected the Chapel

Chapel Windows and Consider they have and will be finished by the Contractor according.

We also inspected the Boiler in the Hospital Laundry and Consider that it would be better to get a new iron one of about 40 gallons instead of trying to do anything with the present one, which is in a very bad state and requires resetting and other repairs a length of pipe is required for the drying stove, A mason is required for resetting grate in vestry and 2 grates in Convent

that on no occasion have I failed to attend when
requisitioned to do so under the regulations of the Local
Government Board which are as follows:

Medical Officers' duties article 68 - To attend Workhouse

or other emergency - To depart from these regulations

term except in the case of inmates who wish to
evade the pump or of Lamps who want to remain

During the past year, I attended innumerable cases
under that formula. Enclose specimens of the legal
and illegal requisition received by me within an hour
on the evening of 27th Ultimo.
