Resolved that the Board having considered  
the letter of the Local Government Board  
of 13<sup>th</sup> April in reference to the Surcharge  
of 10<sup>th</sup> on Relieving Officer John Kenneally  
the Board consider that the charge brought  
against the Guardians present at the meeting  
of the 26<sup>th</sup> August last of having made  
a "fraudulent" order is wholly uncalled  
for. The Board unanimously consider that the  
Guardians and the Relieving Officer acted  
without any such intention, and therefore  
do not deserve the severe censure contained  
in the letter of the Local Government Board  
and the Board now call upon them to withdraw  
their offensive charge  
(Carried unanimously)

as Report that in compliance goes to report on the Sanitary State of the Ward & he begs to say that for in Ward, as at present used is not adapted for, nor was it intended to be the Reception and eating room for both sexes and children, it has been improved by preventing the Bath being used as a general lavatory the air would be so bad, still it is being confined for a number of men to be locked up in all night, none but tramps could be. The Stairs and Boiler are out of order no bath are given for could they, where females are, there is only one water closet for both sexes and children. In this state of things he is unable to propose any remedy unless the original plan of the partitioned Wards be reverted to.

Under it is urgent that the females their Water-Closet, which with its narrow built up the want of the Bath a loss to the entire Institution in a sanitary sense - to have the Bath covered by a lid is injudicious, because it cannot dry, and will be covered with slime. The Women's Sanitary when locked up is very isolated, there is no mode of communication in case of accident, and as the Ward is without light at night, the inmates are likely to use matches.

## Report of Visiting Committee

Your Committee beg leave to  
 report that they attended at the Workhouse on  
 the 4<sup>th</sup> May and considered the several  
 matters referred to them. They would recommend  
 to get the Boundary Wall from the Entrance  
 Gate to the railing separating the Farm from  
 the Grap-plot opposite Mount Buildings  
 pointed and iron spikes placed on the  
 part of the railing joining the Wall so as to  
 prevent parties scaling the Wall. The  
 Boundary Wall on the North Side requires  
 pointing and coping but these repairs cannot  
 be effected until the growing crops of Potatoes  
 and vegetables are used.

Your Committee took  
 into consideration the Medical Officer's report  
 regarding the Probationary Ward which they  
 minutely examined; it was clean and free  
 from any bad or offensive smell; the  
 drainage from the Bath is in good order and  
 sufficient to carry away the waste water;  
 they suggested to the Master to keep the Bath  
 open during the day-time and put on the  
 lid at night, also to have the Boiler and Stove  
 repaired. One of the Earth-closets, which it appears  
 are not now used in the Hospital should be  
 placed in the Dormitory where female Casuals  
 sleep. The Medical Officer's recommendation  
 to revert to the original plan of the Buildings  
 is impracticable; the original male Probationary Ward  
 on the South Side which he recommends for female  
 Casuals, being now used as a Register Office and  
 Strong-closet.

They

and for the healthy Slaves  
infirm men and women  
suffering in addition to their  
Bread Eggs Soap and Cocoa  
attention was called to the case of a  
inmate in the male infirm Ward named  
Daniel May - helped both mentally and physically  
the other Occupants of the Ward 19 in number  
complained of the offensive Odours arising from his  
Bed and person, and they recommended that the  
attention of the Medical Officer be at once called  
to this poor man, as they consider it must be dangerous  
to the health of the Occupants to have this man  
amongst them. They recommended that a Linewasher  
be employed there being no person at present  
in the House whose services could have been  
made available for this purpose - to linewash  
Nurses, Infirm Ward Dormitories &c

The cases of Provisional Relief, and applications for relief, were considered and decided on, as set forth in the Application and Report Books.
