Letter from the Secretaries Education Office, forwarding, for the information of the Board of Guardians, the following extracts from the Inspector's report of the 15<sup>th</sup> inst. on the Mount Pelham Poor Law Union National School.

Male School

"The teacher possesses good acquirements, and is very careful and industrious. Industrial work is carried on with satisfactory results. The answering in the different subjects of the Programme bespeaks considerable care on the part of the Teacher."

Reading

"Reading, Spelling, Explanation of the subject matter, as well as writing from Dictation - and the general proficiency in Etymological and Syntactical Parsing, Geography and Arithmetic indicates a satisfactory progress among all classes."

Female School

"The teacher has moderate acquirements, but in some subjects she is poorly qualified, and she possesses little ability in her mode of imparting instruction."

"The course of instruction given at present is only tolerable - there is a deficiency in Arithmetic and Writing. Reading, Spelling, English Grammar and Geography usually fair, tho' the answering on these subjects could not be said to be sound or intellectual. I believe the school is stationary."

Ordered that the Clerk acknowledge the receipt of the foregoing communications and state that the Board is much pleased with the favorable observations made on the Male School, and that, as regards the Female Department, the Schoolmistress whose incompetency has been reported upon by the Inspector, has lately been removed and succeeded by a Teacher recommended by the Inspector himself. The Board trust, that on the occasion of the Inspector's next examination of the Workhouse Schools, he will be enabled to make a favorable report upon the state of the Girls' School.
